Period for Reply

A SHORTENED STATUTORY PERIOD FOR REPLY IS SET TO EXPIRE 3 MONTH(S) FROM THE MAILING DATE OF THIS COMMUNICATION.

- Extensions of time may be available under the provisions of 37 CFR 1.136(a). In no event, however, may a reply be timely filed after SIX (6) MONTHS from the mailing date of this communication.
- If the period for reply specified above is less than thirty (30) days, a reply within the statutory minimum of thirty (30) days will be considered timely.
- If NO period for reply is specified above, the maximum statutory period will apply and will expire SIX (6) MONTHS from the mailing date of this communication.
- Failure to reply within the set or extended period for reply will, by statute, cause the application to become ABANDONED (35 U.S.C. § 133). Any reply received by the Office later than three months after the mailing date of this communication, even if timely filed, may reduce any earned patent term adjustment. See 37 CFR 1.704(b).

DETAILED ACTION

Claim Objections

Claim 18 is objected to because of the following informalities: the word "fatty" on line 6 is misspelled. Appropriate correction is required.

Claim Rejections - 35 USC § 112 Withdrawn

In view of the amendment to the claim 18 the earlier rejection under 35 uSC 112, paragraph two is withdrawn.

Claim Rejections - 35 USC § 103

The following is a quotation of 35 U.S.C. 103(a) which forms the basis for all obviousness rejections set forth in this Office action:

(a) A patent may not be obtained though the invention is not identically disclosed or described as set forth in section 102 of this title, if the differences between the subject matter sought to be patented and the prior art are such that the subject matter as a whole would have been obvious at the time the invention was made to a person having ordinary skill in the art to which said subject matter pertains. Patentability shall not be negated by the manner in which the invention was made.

Claims 18-19 are again rejected under 35 U.S.C. 103(a) as being unpatentable over Schreier in view of 5,252,333 for the reasons given in the Paper of July 8 , 2004.

Applicant argues that Schreier and 5,252,333 do not teach omega-2-phosphatidylcholine for treatment of all phases of bipolar disorder and his intent to amend claim 18 to specify that the method is a treatment for both manic and depressive phases of bipolar disorder. He further argues that the Declaration of November 10, 2004 by Dr. Marangell under 37 CFR 1.132 states that it is not obvious that a treatment for one phase of bipolar disorder could be successfully used to treat other phases or mixed phases of bipolar disorder. However, in the absence other supporting

documentation this is not persuasive, since it is the opinion of Dr. Marangell and is not supported by data.

Furthermore, it is not seen that the claim now recites that the method is to treat both the manic and the depressive phases of bipolar disorder.

Action is Made Final

THIS ACTION IS MADE FINAL. Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
